News Dealers Refuse to Hand

Editing of President's  
morial Address Cause.

[EXCLUSIVE DISPATCH]  
NEW YORK, May 23.—Following the "editing" of prayers for veterans of President Wilson's Memorial Day proclamation in the New York American, last week, the sentiment against the Hearst newspapers in this vicinity has spread rapidly until nearly a dozen have taken steps to curtail the circulation of those publications in their community.

Mount Vernon, N. Y., was first, introducing and passing a resolution making it unlawful to distribute either the New American or the New York Daily Journal in the city. The measure was adopted by the Mount Vernon Common Council, excluding for the time being the newspaper of the American and New Evening Journal, Hearst's temporary injunction to prevent them from taking effect.

Yesterday the Mount Vernon Newsdealers' Association called a meeting of all local dealers who control the delivery and distribution of all metropolitan dailies.

The movement to bar the Hearst dailies has taken root also in Jersey. In a meeting held there more than 200 representatives of the Defense League of New Jersey, organized by the State Guard of New Jersey and the Jersey State Militia, voted unanimously to take all lawless measures to bar the Hearst newspapers from the state.

[EXCLUSIVE DISPATCH]

NEW YORK, May 23.—Wheth-

er the "Worl-d-Fight" army of the Hearst newspapers of thereby probably put out of business for the war, will not be within its power to keep the New York American and the New Evening Journal out of power.

Similarly on Long Island the association has been spreading among members of the League of the Commonwealth at a meeting today demanded that the Hearst papers be kept out of distribution. Long Island, however, is not in the army.

Crowder, however, that there is no decision until a case comes up as a matter of test.

The association, which is affiliated with the National Association of Newsdealers and Booksellers, the distributors and manufacturers in Nasau and New York counties, excluding stands at news stations owned by the Hearst News Company, has also reported a strong demand that the Hearst papers be kept out of distribution.

Mr. Crowder said:

"The department has issued a statement:

Mr. Crowder explained that he took action against the Hearst papers because he was causing the trouble with the great mass public.

WAUKESHA (Wis.) May 23.—With two jurors and many spectators in tears, Grace Lusk brought to a dramatic conclusion late today her story of her life almost to the slaying of her husband, Mary Newman Roberts, for which she is now on trial.

Swaying in the witness chair at times, and on the verge of collapse often lowering her voice so that it was almost inaudible, she denied that she had ever pursued Dr. David Roberts and charged that he, first and foremost, had helped in the preparation of a pistol with which she is now on trial.

Executive Plans Autocratic Powers in Defense Board

Arizona Legislators in Session are Harried.

Supposedly Patriotic Association Develops Partisanism.

(EXCLUSIVE DISPATCH) PHOENIX, May 23.—Based on the Governor's bitter reference to the Blaine deportation as demand for the reforming of the State Council of Defense, there appears a prospect of early legislation of partisan politics in this possibly purely patriotic extension of the Arizona Legislature. It is evident there is to be no Blaine and not a Little Blaine, the council of Defense.

In the Governor's hands, and by his side, is the bill introduced at a meeting of the Executive Committee, is the bill for organizing the Red Cross Campaign Committee in the Alexander reported subscriptions to \$18,258.13 for the sum of \$500,175.20 for subscribers to date.

The former frankly states the bill is a tentative one, intended for amendment. It provides for a legislative committee, a brigadier-general, and four points of the Governor, who have been killed in the service of the country.

The Vulture Hill makes the creature of Hunt, who shall appoint from six associates, from the secret.

AUTOCRATIC IN SCOPE.

The council would be answerable to the treasury, subject to the Governor's endorsement. All public persons, except legislators and members of the executive branch, would be liable to its jurisdiction.

The life of every man, woman and child, is to be that to which everyone in the Red Cross campaign.

His life—what there is in it—will be given to the Red Cross.

Persons between 18 and 50 years of age, temporarily unemployed, will receive compensation that may be up to \$100 a month.

These men and women may be ordered for inspection.

Senator Campbell withdrew anti-L.W. W. Hunt's resolution, which is understood to come from the Senate, to the effect that it should be suspended.

There was some threat of what would sustain Hunt's measure.

But Mrs. O'Neill's speech over the unanimous support.

DRILLS ARE STRONG.

There almost was a Senate vote to give the ratification of the National Prohibition Amendment, also was adopted.

In the House, Senator John Campbell in the sum of \$1,000 services in office against him.

It is a matter favored by the Senate, while it was provided for in the bill.

Some doubt was expressed concerning the bill to President Wilson, giving \$1,000 to the widow of Sheriff McRae.

Ham and Deputy Wooten, and Deputy Sheriff.

Killed the Powers brother.

Sinn, lately sent to the military for life for the crime of evading, on the part of the government, a patriotic state under the call.

## HARBOR IMPROVEMENTS SURPRISE SUPERVISORS.

*Official Inspection Tour of the Port and Military Camps is Made.*

MORE than 200 county Supervisors accompanied by their wives and a number of city officials paid the harbor an official inspection visit yesterday. Arriving at 10 a.m., the party visited the Pier A docks and shed, and left for Fort MacArthur.

At Fort MacArthur they were the guests of Col. Abbott and were shown about the coast defense fortifications and the barracks. The party then left for the outer harbor naval stations. The Submarine Base was first visited and at 1:30 luncheon was served at the Naval Training Station.

Capt. J. C. Cantwell addressed the party telling them that although the station has not yet been established enough men have been graduated from the Naval Academy to man the ships.

Major Woodman, addressing the Supervisors, said the pier they were on was constructed two years ago, the 500 feet in length cost the \$1,600 per foot, or a total cost of \$1,250,000.

When war broke out the city decided to turn the dock over to Uncle Sam along with 146 acres of land for the military reservation at the land end of the breakwater. The improvements caused much favorable comment.

"There will some day be 100 miles of water frontage in Los Angeles Harbor," he said. "The inner harbor will be used for coastwise traffic and the outer harbor for oceanic travel. It is destined to become one of the greatest transportation centers on the Pacific Coast."

Before departing from the Naval Training Station the party went around the harbor, a collection was taken up among the members of the party for the athletic fund of the Naval Training Station and more than \$200 was added to the fund to buy athletic equipment for the boys at the station.

PAGE CHARLIE.  
About a thousand more chaplains are  
needed for the United States Army and  
when the soldiers are asked what kind they  
want a lot of 'em hang out for "Charlie."

PACKAGE GOODS.  
According to Col. McSosh there is nothing  
new about the decision that boxes may  
be stored in a dry town. He also knows  
the average size and capacity of the con-  
tainer.

WHERE IT COUNTS.  
The batting averages in the big leagues  
over the sea are the ones that count this  
season. It is a bit hard to work up enthusiasm  
over the performances of the flossy  
athletes who are merely pounding out base  
hits in our native ball parks.

THEY ALL WEAR 'EM.  
This idea of giving two pairs of pants  
with a suit of clothes makes quite a hit  
with the average married man in these  
times. Wife is learning to wear them in  
some of her war-time tasks and it is fre-  
quently inconvenient for the husband to  
stay in bed while the other half is doing  
chores.

SPAKING FROM EXPERIENCE.  
Gov. Stephens has requested the men  
of the State to abandon their vacations  
and work on the farms instead. To the man  
whose regular work is more or less seden-  
tary a vacation spent in this useful and  
patriotic way would really be better and  
more restful than to go to some famed re-  
sort from which he would be likely to re-  
turn, after a month's boredom, more un-  
fit than when he left.

A DAD ANTI-CHRISTIAN.  
A Southern Californian who, according  
to his alleged actions, is not an American  
was made to kiss the flag and was dis-  
charged from his position because it was  
claimed that he had desecrated a Red Cross  
pledge card which he had been asked to sign.  
The man or woman who does not believe  
in the Red Cross is either very ignorant  
or very selfish. As a rule the anti-  
Red Cross citizen is not only pro-German  
and anti-American, but he is anti-humanitarian.

SPEAR BLUNTED.  
Allied forces in Flanders are reported  
to have broken the tip of the Hun spear  
Monday night when they took back the  
village of Merville, near Bethune, and a  
number of adjacent farms. If the Germans  
continue going in the direction they have  
been taking for the last week they will  
reach Berlin much sooner than Caisse. Von  
Hindenburg seems to have taken more than  
the Allies knew in that big spring offensive  
that has already gone the way of the  
Marne and Verdun. It is just possible that  
something is wrong on the home front.

EXTINQUISHING TICKETS.  
The United States Senate last week  
passed a bill which makes it a crime pun-  
ishable by a fine of \$10,000 or twenty years'  
imprisonment or both for any member of  
any organization or association to preach,  
practice or defend the application of violence  
for securing industrial, political or eco-  
nomic reforms during the period of the war.  
It further prescribes severe punishment for  
the officials of such organizations as preach  
the doctrine of violence against which the  
legislation is aimed. This law certainly ex-  
tinguishes the labor-union picketing system,  
as well as the I.W.W.

TWO OF A KIND.  
Tom Mooney, convicted dynamiter and  
member of the notorious San Francisco  
Union Labor Council, is seeking a new alibi.  
I.W.W. organizations throughout the country  
have taken up Mooney's case and are  
threatening all manner of strikes and sabo-  
tage unless Mooney is released, "because  
he is one of our own." But Mooney's friends  
have figured that he is already in  
bad and that if he is to have the I.W.W.  
can tie to him his last chance for a pardon  
will glimmering. So they have had a  
member of the United States Senate read  
into the record that Mooney is not a mem-  
ber of the I.W.W. At the same time a  
general notice has been sent to all I.W.W.  
organizations to stop talking about Mooney.  
The Times is at a loss as to whom to con-  
gratulate, Mooney or the I.W.W.

DRESS UP, SIR.  
There is a clever young book-keeper in  
Los Angeles who is nearly always out of  
work because of the fact that he is slovenly  
in his dress. His contention is that "a man  
should be judged by what he is and what  
he does rather than by what he wears."  
Perhaps he is right, but, as a matter of fact,  
men are also judged by their "front." "For  
the apparel oft proclaims the man." If a  
carpenter goes to ask for employment, tak-  
ing with him only a hammer and saw instead  
of a full kit of tools, he is usually  
taken for a very poor carpenter—and, as a  
rule, he is. To the office man, the actor,  
the newspaper man and any other worker  
who is compelled to meet the public in his  
daily occupation good clothes are essential  
in securing a position and in keeping it.  
The young man who does not know this has  
not learned the a b c of success.

BUSINESS IN A PINCH.  
With almost a billion dollars for rail-  
way betterments and four hundred millions  
for increased wages Director-General Mc-  
Adoo is conducting so vast an experiment  
in government railroad operation that it  
would make both Socialists and Napoleons  
of finance gap in normal times.

Where will it all come from? How can  
it be paid? Will the traffic bear it? Can  
bonds be floated? These are some of the  
questions that arise, and time alone will  
answer.

Although the administration is centered  
upon the proposition that all things must  
give place to the winning of the war, it is  
known to be the wish of the active Mr.  
McAdoo that the country's business should  
proceed with more activity. He wants busi-  
ness to fully co-operate with the war policy  
of the nation, but he realizes that commerce  
and industry cannot be snuffed out merely  
because they do not happen to contribute  
directly to war results. The war would  
fail if every man were either a soldier or a  
munition maker. There is a long line  
of dependencies, each in proper place and  
deserving recognition. Perhaps the greater  
share of the means for carrying on the war  
must be provided by interests not actively  
or directly connected with the war itself.  
Railroads, factories, farms and stores must  
be operated or maintained—war or no war.  
Without general business it would be im-  
possible to place a Liberty Loan of five bil-  
lion dollars. It is essential that commerce  
and industry thrive in order that all men  
may be in position to be an aid instead  
of a burden to the country. An army of  
unemployed is almost as wearing and tragic  
as an army of invasion.

So it has been the promise of the gov-  
ernment that business should maintain an  
even keel—as far as possible. "More busi-  
ness than usual" was the watchword, and it  
was only when some passionate patriot with  
more real than stupidity showed that there  
was no business but war that the sensible  
logic of the slogan was obscured. It is the  
almost unanimous wish of the people that  
the business of the country should operate  
upon familiar lines—in fact, there is more  
criticism of "war business" than of other  
branches. The harshest critics are the men  
and women who find fault with industries  
that are making direct profit from the war—  
makers of munitions and creators of  
army equipment. To general business they  
make no objection.

The financial programme which Director-  
General McAdoo has outlined for the rail-  
roads should contemplate a business of vast  
proportions. There must be a revenue to  
warrant such great expenditure. There  
must be a follow-up programme which con-  
templates not only war but peace. Just  
now the railroads are being operated under  
a reversal of form. Of old they were for-  
bidden to pool or raise rates and were re-  
quired to compete. Now they are forbidden  
to compete and required to pool. Inciden-  
tally rates are being raised. The public  
is not enjoying it very well, but it is  
recognized as good business from the stand-  
point of getting results on a war pro-  
gramme.

Mere because there is a war and be-  
cause authority has been granted there is  
no warrant for an unnatural harrying of  
business. In the exigencies of the moment  
power has been conferred upon some small-  
calibered souls whose use of it is but abuse.  
Their only conception of authority is that  
someone must be made to feel its weight.  
With them misdirected zeal takes the place  
of patriotism. Fortunately there are not  
many such, and the hardships resulting  
from their arrogance are few. The point  
is that the normal business of the country  
should be suffered to take care of itself as  
far as possible and not be at the whim of  
careless or overzealous authority.

THE AQUEDUCT POLITICS.  
A Senator Johnson of California has ap-  
parently discharged a political obligation by  
securing the adoption in the Federal Senate  
of an amendment to the Los Angeles Aqueduct  
Bill which vitalizes an important section  
of the charter of our city. Senator  
Johnson announced that he introduced the  
bill at the request of the Public Service  
Commission of Los Angeles. The commission  
has a political quarrel with one of  
the local power companies and it is waging  
its private vendetta with the money of the  
taxpayers. So the commissioners have sent  
agents to Washington to lobby through  
Congress an amendment which could be  
used as a bar to the order of the Federal  
Fuel Board. They will not consent to a  
truce even for the sake of aiding in winning  
condemnation proceedings. But the com-

Tant nerves gave way in Judge House's court yesterday when a jury trying Herbert G. Dow, former teller of the County Treasurer's office, on the charge of embezzling a sum amounting \$12,000, held over in February, 1917, brought in a verdict of not guilty. Mrs. Dow, who has sat in court throughout the trial, believing in her husband's innocence, burst into sobs bordering on the hysterical. Mr. Dow wept, then sobbed aloud.

The jury was out about an hour and thirty minutes. It was ready to report at 10 o'clock, but because of the absence of Mr. Dow, who had gone to the trial, the court adjourned until 2 o'clock, at which time the verdict

**Amount Realized is Ten Per Cent. Penalty.**

The city yesterday made \$24,737 in sixty seconds when it bought \$247,378.92 of delinquent properties in the assessment district created for the opening and widening of Broadway between Tenth and Pico streets. The amount realized by the city on the transaction constitutes the 10 per cent penalty added to the assessment assessments.

The proceeds were purchased for the city by Col. Schreiber of the city assessment bureau. Chairman Marshall of the Council Finance Committee was delegated to make the purchase, but he went to the harbor.

Mr. Dow, who was suspended after his arrest on the charge of embezzlement, stated after his acquittal that he would seek reinstatement in the city post office if he could demand it from his friends and former associates who believed in his innocence.

**LOVE SUIT COMPROMISED.**

It was announced in Judge Avery's court yesterday that the \$10,000 love suit of Mrs. Sarah L. Connors against Andrew McFayden had been compromised out of court. Mrs. Connors said that Mr. McFayden promised to marry her but that he repudiated his promise. Mr. McFayden declared that she proposed to him many times and insisted upon their marriage. He denied that he ever said he would marry her.

Woman Gets Damaged as Result of Auto Accident in Trip to San Diego.

A Jury in Judge McCormick's court last evening returned a verdict of \$2500 in favor of Mrs. Luella B. Bleibie in her suit against Milton Kaufman for injuries she received in an automobile wreck October 25, last, the result of which was the loss of an eye.

The evidence was to the effect that Mr. Kaufman was driving to La Jolla with Mrs. Bleibie and another young woman and that his automobile collided with another machine coming from army officers approaching the city. Mrs. Bleibie declared that Mr. Kaufman was driving fast.

Mr. Kaufman denied that he was negligent and was also sought to show that Mrs. Bleibie saw the approaching automobile some distance away in plenty of time to stop. Mr. Kaufman who was driving. She asked \$2500 damages. The case was hotly fought by Attorneys Shafee and Crider for Mrs. Bleibie and Leo Youngworth for Mr. Kaufman.

DISLOYAL WOMAN STARTS JAIL TERM.

HINDUS PRESS CLAIM FOR CITIZENSHIP.

NURSE HAS NINETY DAYS TO PONDER OVER DISLOYAL UTTERANCES.

Convicted of making seditious remarks, though technically on trial for disturbing the peace, Mrs. Julia Anna Hayes, 25 years old, a nurse at Sutro Hospital, yesterday began serving a ninety-day sentence in the City Jail.

The sentence was imposed by Police Judge White, who took the occasion to fly disloyal persons and I.W.W.'s whose seditious remarks caused him to bind the prosecution of the war. Mrs. Hayes was tried and convicted in a court held by Judge White in Sutroville, in order that numerous witnesses might be heard there without the inconvenience of coming to the city.

Charges that Mrs. Hayes said she would rather let her son rot in jail than go into the army were not upheld. Among those who have written letters of disendorsement to him are the following:

Walter M. Moden, P. W. Pease, John F. Murphy, J. R. Moore, George W. Smith, Santa Cruz, M. C. Kern, Marceline, Arthur Clark, Tulsa City; James M. Murphy, Tulsa, Okla.; John S. Scott, Greenville, G. W. Scott, the local plant, and finally fresh stocks of the Puritan meats in every shop.

In all doubt, she will do what Hugh Brennan, Chicago advertising man, has been boasting her curiosity all week for—find out for herself whether "the taste tests."

All of which means that the local plant, Cudahy Packing Company at No. 893 Macy street has been exceedingly busy preparing for the first annual Puritan Day. The advertising campaign included the use of daily "teasers" in the newspaper, stickers on grocery and meat delivery parcels, the half-page ad today, an automobile parade of twenty-five Puritan maid, tomorrow (maids in private life) film advertisements and what has been picked "for their looks, not their names," according to Manager R. S. Scott of the local plant, and finally fresh stocks of the Puritan meats in every shop.

According to the officers on the case, Kunschman has been investigated and sought for a long time. The exact nature of the offense committed by the authorities was not divulged, though it is admitted the man made several trips to Mexico in violation of the neutrality proclamation, and is guilty of other acts made known by the police and Federal authorities.

When normally placed under arrest, the man showed no surprise, and refused to make any statements.

His room in a hotel near First and Main streets was searched by the police and a number of papers were taken.

Man Who Says He Is Promoted on Arizona Projects Arrested on Telegraphic Warrant.

Victor Leon La Tour, who claims to be a promoter of large agricultural projects in Arizona, was arrested yesterday by Detectives Bean and McCann at 5555 Hollywood boulevard, on a telegraphic warrant from Oakland charging him with petty embezzlement. He was taken to the City Jail and later released on \$100 bail.

According to the meager information in the hands of the local police, the warrant for the man's arrest was sworn out by an Oakland woman, who charged

his wife, Mrs. J. B. Seagraves,

testified that the "Dear Daddy," "Your unhappy little girl" letter attributed to Miss Seagraves was not in the handwriting of her daughter.

Mr. Helping testified that they separated several times, the first occa-

sion being about a year after their marriage. The cause of their separation was his wife's relatives, he said. He discovered, he stated, that his wife had diverted "a lot of my money" to support her relatives.

He specifically named his wife's al-

legations coupling his name with Miss Seagraves.

Wants to Form Unit of Husky Men to Fight Huns.

John Schultz, 30 years old, worked for two years as a lumberjack in the backwood country, seventy miles from San Bernardino. It was just two years ago that John betook himself from his mountain habitat to visit a wife and child at Long Beach. He spent a week with his small family and then returned to resume his task as lumberjack, carrying back with him the latest reports of the war.

While he was far in the mountains, he learned of the参謀長's order to burn down the Federal Building, and when he returned to his wife and child, he found the building still standing.
